Pool Deck Access

- Athlete bag tag accreditation and Coach lanyard accreditation will be available for pickup by either the Club President or the Head Coach at the Member Services desk outside the pool lobby prior to the start of their sport. Accreditation will be required for **ALL** athletes and coaches to gain access to the pool deck and/or change rooms. Athletes participating in multiple sports will pick up their bag tag from their Coach prior to their first sport and will use it for pool deck access for the balance of the week.
- Clubs must provide the office with a list of all coaches who will be attending Provincials no later than July 18, 2025. For speed swimming, clubs will receive one lanyard for every 10 swimmers, with a minimum of two lanyards per club. If a club has more coaches than lanyards, they can share them amongst themselves. If a club is sending their swimmers with another club, please make sure to let the office know so they will be accounted for in club numbers.
- Volunteers and officials will also need to show lanyard accreditation to get on deck - lanyards will be available for pickup prior to their shift at the Volunteer Management desk beside Member Services.

Pool Deck Protocols

- All athletes, coaches, officials, volunteers and spectators are to respect the directions of Prince George Aquatic Centre lifeguards and facility staff.
- A double whistle and verbal communications from the Facility staff will be used to clearly indicate that all athletes must exit the water.
- Coaches will be allowed food on deck this year, however, if there is an excess of garbage left on deck this privilege could be revoked. All coaches are responsible for keeping their area clean throughout the meet.
- Food will not be distributed around the deck. Light snacks for officials who are working multiple shifts will be available.
- Please bring your non-glass water container. Beverages will be allowed on deck. **Absolutely no glass containers will be permitted in the facility.**
- Senior swimming athletes will have a tented staging area on the south side of the building. This area will have porta-potties nearby, as well as a view of the timing board, so athletes can see which event is in the water. There will be a volunteer at the door ensuring there are not an excess of heats on the pool deck.

- Coaches must meet their swimmers outside before their races; after the race, brief conversations are allowed, but swimmers must promptly exit the area.
- Due to pool layout, once swimmers enter marshaling, coaches and parents will not be able to speak to swimmers.
- Clean-up of the facility will occur throughout the day, between sessions and overnight – Participants are asked to be responsible for their own belongings and equipment. All personal belongings must be removed from the facility overnight. All items left behind will be removed. The Prince George Aquatic Centre and the host clubs are not responsible for lost or stolen items.
- Lost and found will be at the Member Services Desk.

Any member or individual found to be in violation or non-compliance with the BCSSA Code of Conduct, as well as its rules and regulations, may be subject to disciplinary action at the sole discretion of the Meet Manager. Disciplined members or individuals may appeal to the BCSSA Provincial Board. The decision rendered by the BCSSA Provincial Board on the matter shall be final.

Speed Swimming Marshalling Rules for 2025

1. Senior Divisions Check-in Procedure for Finals (Div 5 and older)

- a. Finalists, Consolation Finalists and Alternates will report directly to the starting end of the pool prior to the start of their race. They will not be marshalled. Failure to be ready will result in the swimmer being scratched from the event.
- b. Finals will be swum first, followed by Consolation Finals. The Clerk of the Course, or designate, will be conspicuously stationed adjacent to the start end of the finals pool and will assist the session referee with alternate substitutions.

2. Alternate Process

- a. Each Region must appoint a contact person for all matters relating to **Regional Alternate** and **Wildcard** entries. This person, with contact info, must be forwarded to the Meet Manager prior to the meet, and shall be easily reachable before and during morning preliminaries.
- b. **Regional Alternate** substitutions should be submitted by the Regions to the Meet Manager prior to the deadline of **12:00 noon of the Monday of Provincials week (August 11, 2025)**. Regional Alternates (along with Wildcard entries) will be added to the meet file and will be included on the prelim heat sheets distributed to coaches and officials.
- c. A list will then be produced and published showing the 'official' two fastest **Provincial Alternates** for each preliminary event, drawn from all eligible swimmers in the Province not already qualified through the Wildcard or Regional Alternate process. This **Provincial Alternates** list will be used by the Clerk of the Course, both in marshalling (for the Junior events), and behind the blocks (for the

Senior events), to fill empty lanes. It is the responsibility of these alternates to be at marshalling (junior pool) or near the session referee (senior pool) when the preliminary race is marshalled/called.

- d. Any late substitutions of **Regional Alternates** (after the Monday deadline and up to the session referee calling that race) will be the sole responsibility of the **Region**. A '**Regional Alternate**' slip must be completed by the **Region**, and must be brought to the Clerk of the Course, or Senior Pool designate, by the alternate swimmer. No late Regional Alternate substitutions will be permitted without this slip.

3. Elite Athlete Eligibility

- a. Any swimmer who has achieved a SNC Senior National Qualifying Time during the preceding 3 years shall compete in Division O8, regardless of their age.

SPEED SWIMMING STARTING SYSTEM

The Quantum Timing System will be used as the approved automatic judging and timing system for the Speed Swimming Championships in accordance with the BCSSA rules.

2. Any entry discrepancies to the BCSSA Championship Meet will be resolved by the Meet Manager at their discretion.

WILDCARD ENTRIES

Wildcard Entries: provide last-minute opportunities for swimmers who might have missed qualification or faced unexpected setbacks in their regional championships. At provincials, wildcard entries ensure that every race is filled, maximizing competition and making the events enjoyable to watch. Plus, they prevent wasted resources while allowing for some exciting surprises in the lineup.

Regional Directors will notify swimmers who have been selected to fill wildcard lanes by Friday, August 8, 2025. It is the responsibility of the Regional Director to contact and notify the club and coaches within their region of swimmers who have been selected for a wildcard spot.

It is an expectation that all wildcard swimmers will swim that event at Provincials - any swimmers who do not wish to be considered for a wildcard should 'scratch' from Provincials for that event at the completion of the Regional meet.

General Rules

Rules of Play

As per the 2025 Beach Water Polo Rules (section 6 - Beach Water Polo), the style of play will be Beach Water Polo.

Rules of play are based on the World Aquatics Beach Water Polo rules with a few BCSSA modifications:

- a) 12U-6x6, 14U-5X5, 16U-4X4, 18U-4X4
- b) Junior nets for all games
- c) Game length changed to 10-minute halves and 3-minute half time
- d) A player who has committed three (3) personal fouls shall be excluded from the remainder of the game
- e) Stop time after a goal and restart at centre
- f) Two referees will be scheduled for each 14U, 16U, 18U and O Cat games, if referee availability is limited, 12U games can be officiated with only one referee.
- g) At least one female player must be in the game at all times. If this one female player is excluded from the game due to 3 personal fouls, the team may play one player down for the duration of the game. Teams must start each game with at least one female or must forfeit.
- h) Each player can be rostered for the maximum of 2 teams regardless of format of play

Team Eligibility (Section 6.4)

- a) To be eligible to participate in the Provincial Championship, club teams (other than as provided for in #4 below) must be registered with a member club and BCSSA by the second Thursday in July
- b) A responsible adult/chaperone, other than the Head Coach or players, must accompany and be responsible for each team participating in the Provincial Championships. This adult/chaperone must be present at all Team Games.
- c) The Head Coach of each team is to be fully certified NCCP Level One or current **Canadian** equivalent.
- d) All clubs participating in the Beach Water Polo Provincials must supply one certified referee to Provincials.

Team Composition

- a) Teams in all categories are permitted to select **twelve (12) players for 12U, eleven (11) players for 14U and ten (10) players for other categories**, all of whom must individually be properly registered with BCSSA and be collectively registered as a **Member Team** and listed on the duly completed Beach Water Polo Entry Form.
- b) The minimum team composition is six (6) players (goalie included) for 12U, five (5) players (goalie included) for 14U and four (4) players (goalie included) for all other categories; at least one player who identifies as female must be in the game at all times. Teams must start games with at least one player who identifies as female, if during the game due to exclusions was reduced to no eligible players who identify as female, the team may play one player down for the duration of the game.
- c) **Alternates:**
 - (i) Each team may list **(2)** alternates on their roster. The same player may be listed as an alternate for more **than (1)** one team if all other eligibility requirements are met. Once an alternate replaces a player on a roster, that alternate may not be used as an alternate on another team.
 - Once a player on a roster is replaced by an alternate, that player may not return to that team roster for the duration of that tournament.

If there is doubt about player eligibility, please contact the [BCSSA Registrar/ Water Polo Director \(registrar@bcsummerswimming.com/ waterpolo@bcsummerswimming.com\)](mailto:registrar@bcsummerswimming.com) prior to the Game/Tournament, or contact the **Meet Manager** BEFORE the player(s) enter the water.

Regional Selection

- a) Where there is one club registered in a region and other clubs within the region having Beach Water Polo Players, the **Regional Director** or the **Director of Water Polo** can allow the amalgamation of those players under one club, for participation at Regional Championships, as a second team within the region.
- b) Any region with more than one team registered, in an age category, must have a play-off for that category to determine a representative for that Region at Provincials.
- c) The team that wins their respective Regional championship will advance to the Provincial championship. Regions with only 1 team will advance to the Provincials by default.
- d) Wild cards will be distributed proportionally based on the number of teams entered in each Regional Championship. Each region's wild card recipients will be determined by the highest average goal differential per game (capped at +10 per game) during Regional play. In the event of a tie, the team allowing the fewest goals per game will earn the wild card. This method ensures fairness across regions where the number of games played may vary and discourages running up the score. Goal Differential Per Game = (Total Goals For–Total Goals Against) / Games Played

Competition Format

Unless otherwise indicated and approved by BCSSA, the normal format shall be a round robin when 4 to 16 teams enter. BCSSA will not host an age group (12U, 14U, 16U, 18U, O-Cat 2, O8) tournament with less than 4 teams registered.

- a) Any team which forfeits a game will lose by a score of 7-0. Additional action will be based on a review of the circumstances by the Discipline Committee.
- b) If all males / females from one team are excluded from the game, the team will forfeit the game.
- c) A forfeit occurs when less than six (6) players for 12U, five (5) players for 14U or four (4) players for all other categories of a team are present at the start of the game, or when an ineligible player is participating or if a team does not have one (1) player who identifies as female to start the game.

Note: Teams that do not satisfy the minimum player requirements 5 minutes after the recorded game start time will forfeit.

Note: A forfeit will result in a score of 7-0 for the winning team and 2 points towards standings, and 0-7 against the forfeiting team and 0 points toward standings.

Selection of Game Referees

- a) Referees for all games shall be appointed by the Referee-In-Chief or the Director of Water Polo.
- b) Referees for medal-round games shall be approved by the participating head coaches, with the gold medal game receiving priority.
- c) If no consensus can be reached by the two participating head coaches in each of the medal-round games, referees will be assigned by the Referee-In-Chief or the Director of Water Polo.

- Scratches prior to the Regional Alternate Deadline, which will result in the Regional Alternate swimming, must be submitted to the provincial office before Noon, Monday August 12th. This will allow the changes to be made in the meet file prior to printing the coaches and deck officials heat sheets.
- If a Regional Alternate will be swimming due to a scratch after this deadline, the Region must follow the instructions in ‘Alternates’ guidelines below.
- The region should advise the Meet Manager or Clerk of the Course **as soon as possible** of any late scratch where there will **not** be a Regional Alternate. These empty lanes may be filled by Provincial Alternates.

FINALS:

- Scratches for finals should be done **as soon as possible** following the posting of the preliminary heat results. The Office must be advised, by the coach, on a BCSSA scratch form, of this scratch. This will ensure that all parties are aware of the change, and will allow alternates adequate notice to prepare for their race.

ALTERNATES:
